## PEACE MOVE IN FEW MONTHS FORECAST

### 'INSUFFICIENT FUNDS' CHARGE JAILS YOUNG BRIDEGROOM

Youth Arrested On Complaint Of Santa Ana Automobile Firm

SAN DIEGO LICENSE ISSUED COUPLE MAR. 9

Accused In County Jail Declares Mother Stopped • Check Payment

For giving a check that came back marked "insufficient funds," for the purchase of an automobile, Nelson J. Taylor, married but a week ago, jail this morning taken to the county jail.

He is accused of giving a worthless \$275.90 check to Layton Bros., corner of French and East Fourth streets, in part payment for a Maxwell car. Taylor made no effort to get away. The officers believe that he was depending upon his mother in Echo, Ore., to make his checks good. He has been in Santa Ana but a short time.

The automobile was bought on February 26 from a salesman of Layton Bros. By exhibiting a number of cancelled checks, Taylor persuaded the salesman that his check for \$275.90 on the Bank of Echo, Ore., was good. Taylor took the car.

Soon after Taylor went to San Diego, where a Santa Ana girl became his bride. They returned here a few days ago.

License issued March 9

According to the records of the county clerk at San Diego, a license was issued on March 9 to Nelson James Taylor, aged 23, of San Diego, and Flora A. Kelly, 19, of Santa Ana.

This morning Ralph J. Layton appeared at the district attorney's office with the Taylor check, returned to him from Echo, Ore., and with a report from the Bank of Echo that Taylor had insufficient funds in the bank to meet the check.

Deputy Sheriff Cravath went out to find Taylor, who was reported to be in town. Hearing that Taylor was wanted, Policeman John Ryan arrested him at the corner of Fourth and Main streets, recognizing him by the description, a feature of which was a big cowboy hat.

Taylor is liable to arrest as a perjurer if his statement to a Register man this afternoon is correct. He attributes his present predicament to action by his mother in stopping payment on his checks.

"I am under age," said Taylor, "and my mother undoubtedly has notified the bank not to honor my checks. I have my personal checking account, and I believe that I have more than enough to take care of the check drawn to make the payment on the automobile. I was born and raised at Pendleton, Oregon, and that is the home of my mother and step-father."

Father at San Diego  
My step-father is James Taylor. My father lives at San Diego. His name is Hogue. I do not know his initials. I had never seen him to know him until I went to San Diego four weeks ago. He heard that I was in town and came to see me. He is a miner. I left Portland, Ore., a month ago, coming by boat to San Francisco, thence to San Diego. My step-father is wealthy and I believe I will have no trouble in straightening out this difficulty and in proving that I am innocent of any intended fraud."

Taylor was introduced on the streets to the girl who became his wife on March 9, and he does not know the street number of her parents.

Since coming to Santa Ana he has been engaged in buying and selling hogs, having made one or two buys and sales. He deposited money in a local bank but always drew on the Oregon bank in payment for purchases.

Says He is Under Age

While he gave his age as 23 when he secured the marriage license in San Diego, he says he is under age. He is about 20 years old.

His wife is located in an apartment house here.

He is held under \$500 bail and efforts are being made this afternoon to secure bondsman.

PARDON DIGGS AND CAMINETTI, IS PLEA WILSON HAS RECEIVED

WASHINGTON, Mar. 13.—An appeal for a pardon for Maury I. Diggs and Drew Caminetti today reached President Wilson. The appeal is signed by Senator Phelan and scores of citizens and officials.

### HOW TO PLANT 'SPUDS' IS TO BE SHOWN BY EXPERT, THURSDAY

Eugene H. Grubb, recognized as the foremost potato expert in the United States, is going to give a demonstration in potato planting in Santa Ana Thursday afternoon at 2:45 on the vacant lot at the northeast corner of Hickey and Riverine.

In view of the fact that many people are turning to the culture of potatoes on vacant lots in efforts to reduce the high cost of living, the Register has arranged for the demonstration.

Hundreds of vacant lot owners in the city will be interested in learning the best method of planting tubers to get the best results, and through the courtesy of A. J. Rhewold, city passenger agent of the Southern Pacific in Los Angeles, the Register has secured Grubb for the purpose of giving local people the very best possible information on the subject of potato culture and planting.

Grubb is employed in the agriculture department of the Southern Pacific.

The lot where the demonstration will be held is the property of Oliver Halsell. Chas. Spangler has secured it for the season and has consented to its use for the demonstration. Spangler intended to plant the lot to lima beans, but now will plant it to potatoes and in the planting will follow the instruction of Grubb, giving those interested opportunity to make observations as the potatoes grow to maturity.

Everyone interested is invited to be on hand promptly at 2:45 Thursday afternoon.

### WORK ON WAREHOUSE ON 4th ST. STARTED BY TAYLOR CANNERY

Men with teams today began excavating for a \$6000 warehouse that Contractor J. S. Fluor is to build for J. E. Taylor and Company, cannery, at the southwest corner of Fourth and Santa Fe streets.

A spur track will be built by the Santa Fe from near First street north to the warehouse. The taking up of warehouse and storage room by improvements this winter at the cannery plant at 1642 East Fourth street made it imperative that a new warehouse be built, and the firm decided to erect the new building at the location near the Santa Fe station.

The pickling department at the cannery has been extended, this winter, into a building formerly used as a packing and warehouse. General improvements made at the plant have practically doubled the firm's capacity.

### NEWPORT BAY VISIT TO BE MADE BY CONGRESS NAVAL COMMITTEE

The congressional committee on naval affairs, under the convoy of Congressman William Kettner of San Diego, will be shown Orange county in general and Newport bay in particular Thursday, according to word received this afternoon by Secretary Metzgar of the Chamber of Commerce.

Secretary J. H. Whitaker of the Anaheim Board of Trade, who has the arrangements in charge, told Metzgar that the Orange county delegation will meet the congressmen at the Hotel Alexandria, Los Angeles, at 8:30 a. m. Thursday.

During the forenoon the party will

### LATE WIRE NEWS

BELLEVUE, Ohio, March 13.—Orders for a strike on the Nickel Plate railroad were printed and are today in the hands of the Brotherhood men. The order calls for a strike at 6 Saturday night.

WASHINGTON, March 13.—It was learned today that the federal board of mediation will make a final effort to reach an agreement in the present recurrence of the railroads and brotherhoods controversy.

NORMAN BEATS BLACK PITTSFIELD, Mass., March 13.—Johnny Norman of New York beat Kid Black of Chicago in ten rounds.

though J. E. Taylor today stated that the plant this year probably would not be run at its full capacity.

The warehouse on East Fourth street will be completed in about two months. It will be so constructed that additional stories may be added as needed. Provision is being made for space in which furniture and other goods may be stored.

At the cannery plant work will be started within the next few days to divide into six rooms a large dry cold storage room built a year or so ago. These six rooms will have a capacity of about eighty tons and will be rented for the storage of fruits.

Last season J. E. Taylor and Company paid out to their employees \$30,000 in wages. The payroll this season will be as large and possibly larger. At least 150 women will be employed and from twenty-five to thirty men.

The tour will be completed in time for the congressmen to take the 4 o'clock train to San Diego.

The party then will proceed to Santa Ana. The present plan is at once to take the congressmen to Newport bay, showing them its attractions, and later, if time permits, to take them on a tour of the Lemon Heights district and other sections.

Both the Senate and House have voted overwhelmingly for such a severance in relations.

Merriam introduced a bill appropriating \$500,000 for a highway from Palmdale to Los Angeles via the Arroyo Seco canyon.

It is rumored that former Congressman Bell of Pasadena is to be Governor Stephens' private secretary.

Al McCabe, Governor Johnson's secretary, has been appointed state insurance commissioner.

The senate today passed the bill licensing the issuance of trading stamps, etc.

BUENOS AIRES, March 13.—Tracom, said to have been brought into the country by Turkish immigrants, is causing serious alarm in parts of Argentina. Berisco, with 10,000 inhabitants, is said to have 1,200 cases.

PEKING, Mar. 13.—The Chinese government was expected formally to announce China's break in diplomatic relations with Germany today.

Both the Senate and House have voted overwhelmingly for such a severance in relations.

WASHINGTON, March 13.—The Chinese government was expected formally to announce China's break in diplomatic relations with Germany today.

Both the Senate and House have voted overwhelmingly for such a severance in relations.

### BERNSTORFF TO PROTEST ACTS OF BRITISH AT HALIFAX

Asserts All of Party Except Himself Stripped and Minutely Searched

BY ARTHUR E. MANN  
(United Press Staff Correspondent)  
CHRISTIANIA, Mar. 10.—(By wire)less to Berlin and thence via Tucker, N. J., March 13.)—Not even Countess Bernstorff, the American wife of the former ambassador to the United States from Germany, was exempted in the minute search of the Scandinavian-American liner Frederik VIII and her passengers by the British authorities at Halifax.

So thorough was this search and so repugnant the methods, as well as the delay it enforced on the former envoy, that he will lodge formal protest at Washington. At the time of the searching the British authorities refused to transmit his telegraphic protest. They did mail a censored protest to Dr. Ritter, the Swiss minister in Washington, who was left by Bernstorff in charge of German interests at the American capital. But this was not forwarded. It is understood, until after the examination was completed and the Frederik VIII left port.

The British authorities refused to permit the American consul at Halifax to come aboard the Frederik VIII and forced the captain of the liner to promise not to use his wireless.

Count von Bernstorff was the only one of the party who was exempted from search. His wife was thoroughly searched. Even the insoles of her shoes were ripped off. But her examination was mild compared to that to which the other Germans had to submit. They were stripped to the skin and thoroughly looked over. Even their mouths were examined as well as the spaces between their toes. Not even the women in the party were excused from this painstaking hunt.

All German gold money was confiscated as contraband. A few Germans lost a little paper money. Customs officials, likewise, confiscated all rubber, including hot water bottles, baby nipples and rubber heels.

### 17 TRAPPED AS BIG BLASTS DAMAGE MINE

PHILADELPHIA, Mar. 13.—A mine rescue car has reached Henderson, where seventeen men were entombed by two explosions in a coal mine. It is rumored that twelve are known to be dead.

CANONSBURG, Pa., Mar. 13.—Seventeen men were trapped in one of the mines of the Henderson coal mine at Henderson today when two explosions partially wrecked the interior of the mine.

There were twenty-four men at work when the first blast occurred. Seven of these were taken out. A second explosion then cut the others off from the first air crew. Efforts to rescue them were immediately begun.

### CANNERS' COIN GIVEN HARVARD FOR PROBE OF PTOMAIN POISON

CAMBRIDGE, Mass., March 13.—The National Cannery Association today offered \$20,000 annually for three years to be used in the investigation of food poisoning. This has been accepted by Harvard University, and an extensive research into the subject of ptomaine poisoning, with special reference to canned goods is to be made by the Harvard Medical School, under the direction of Dr. Milton J. Rosenau, professor of preventive medicine.

### WOULD HAVE STATE OWN KELP PLANTS

SACRAMENTO, March 13.—Assemblyman Argabrite today introduced a bill providing for state ownership of kelp and other aquatic plants and licensing kelp harvesters.

Merriam introduced a bill appropriating \$500,000 for a highway from Palmdale to Los Angeles via the Arroyo Seco canyon.

It is rumored that former Congressman Bell of Pasadena is to be Governor Stephens' private secretary.

Al McCabe, Governor Johnson's secretary, has been appointed state insurance commissioner.

The senate today passed the bill licensing the issuance of trading stamps, etc.

### Deep Secrecy Veils Moves Of Railway Brotherhoods Men

WASHINGTON, Mar. 13.—Some decision as to the threatened strike of 400,000 railroad employees on the 250,000 miles of roads in the United States was expected to be forthcoming shortly, following a suddenly convened meeting today of delegates from brotherhood locals with the four big brotherhood chiefs.

Utmost secrecy continued to surround the moves of the brotherhood men today. The only thing that could be learned regarding today's meeting was that the call was issued several days ago from Cleveland and that all delegates called were to be as quiet as possible about the matter. It was indicated, however, that the statement promised yesterday might be made today.

No promise was made, however, that

### No Strike in Event of War, Trainmen's Stand

WASHINGTON, Mar. 13.—The spectre of the threatened nationwide railroad strike that disappeared at the close of the session last summer when the Adamson 8-hour law was pushed through Congress, loomed up again today.

One point, however, was emphasized by the brotherhood leaders, who will confer with the railroad heads in New York Thursday.

In the event of hostilities there will be no strike. Should a strike be called, the railroad men would be called off instantly. The brotherhoods "will not climb to victory on the nation's misfortune."

In the event of a strike it is believed conditions at this time would be even worse, in view of high food prices, than when the strike was threatened last summer. A strike before April, it was pointed out, also might delay the called extra session of Congress, since it would be impossible for senators and representatives from far-away states to reach Washington on time.

W. G. Lee, Warren S. Stone, W. S. Carter and E. L. Sheppard, the four big brotherhood chiefs, here to attend the conference of the nation's leaders of labor who are deciding what labor's part shall be in any war, continued ominously silent on the strike question.

"We neither confirm nor deny that a strike call will be issued," said their spokesman.

As evidence of their determination not to embarrass the government in an emergency, the brotherhood chiefs, without argument, voted with the labor council unanimously to uphold a resolution expressing the willingness of more than 2,000,000 members of organized labor as represented by the brotherhoods and the American Federation of Labor, to "do their bit and do it with all their energy" in any national emergency that may arise.

Secretaries Daniels and Lansing prepared the orders. They are to be kept secret.

Secretary Daniels specifically requested newspapers to refrain from speculation or interference as to the contents of the orders.

### BRITISH CHASE FLEEING TURKS

LONDON, March 13.—The British, pressing beyond Bagdad, have occupied Kadhimein. Gunboats are co-operating in the pursuit of the retreating Turks.

### U. S. ADMINISTRATION OF BELGIUM RELIEF IN FRANCE PROTESTED

WASHINGTON, Mar. 13.—Plans are again being considered for the transferring of Belgian relief to Holland or Switzerland, and the withdrawing of American workers. This follows an unofficial protest by the Germans against the American administration in Northern France.

### HARRY THAW ADJUDGED INSANE; REMOVAL TO NEW YORK BLOCKED

PHILADELPHIA, Mar. 13.—Harry K. Thaw today was adjudged insane by the State's alienist in the sanity inquiry started by his mother. This apparently blocks his removal to New York for trial on the Gump charges. Thaw, however, continues fighting extradition.

### MANY ELEMENTS COMBINING TO HALT CARNAGE SOON, VIEW AT CAPITAL

Food Shortage In Nations At War Growing Increasingly Acute

CABINET CRISIS HELD AS ANOTHER FACTOR

Chance of One of Principal Nations Breaking Also Is Great, Belief

BY ROBERT J. BENDER  
(United Press Staff Correspondent)  
WASHINGTON, Mar. 13.—A general peace move will be launched within three or four months, according to views of diplomats and officials today. In the opinion of military men, government authorities and representatives of foreign powers here there are many elements at work which are tending to bring the great world war to its closing stage.

These elements include the increasingly acute food situation in all the warring nations, particularly among the central powers; a growing unrest among the peoples as indicated by the dissatisfaction manifested toward the entente cabinets; possibility of any one of the principal nations breaking suddenly under the military strain, and growing belief that neither side can achieve an overwhelming victory such as would force a strictly military peace.

Peace by July 1, Belief

It is now believed here that President Wilson's suggested "peace without victory" will result in fact and possibly not later than July 1. By that time all believe that empty stomachs and physical and financial exhaustion will have argued successfully for terminating the struggle.

As one diplomat here expressed it, "an empty larder may serve to restore reason." As a result, belief grows here that Germany will do everything in her power to prevent entrance of the United States into the world war.

If this country does enter, the central powers feel that it would serve only to prolong the struggle and increase the suffering by another country, possibly another hemisphere and millions of people.

There are reasons to believe that Germany will exercise every precaution against sinking an armed American merchant ship without first complying with every stipulation of international law demanded by this government.

Determine Divers' Success  
By July it is believed that success or failure of the U-boat will have been determined.

If the U-boats do the service expected by the imperial government, it is believed the war will degenerate into a contest in which the survivor with the fittest stomach will win.

If the U-boat campaign fails, Germany may be forced "for the sake of her women and children" to make further peace overtures. In all events the U-boat overtures—whether a success or failure—to hasten the end of the war.

Political events, shaping in Europe, are read here as the handwriting on the wall.

England and France both have their cabinet crises, while the Russian and Italian situation indicates disruption or weakness.

Germany may drive against Russia or Italy as the most vulnerable adversary, and this may serve to inflict such a blow as to enormously lessen opposition to the central powers.

Financial Stress  
Aside from political and food questions, there is the subject of financial stress. The drain on purses grows tremendously large and this fact of itself is such as to tend toward halting the terrific death dealing.

### ARGENTINE OFFICERS NURSING DUEL WOUNDS

BUENOS AIRES, March 13.—Rear Admiral Juan A. Martin and Capt. Diogenes Aguirre of the Argentine navy, who have been nominally ill but who are reported really to have fought a duel with one another, are recovering.

It is understood that the fight was with swords, that it was over a professional difference of opinion, that it occurred in the patio, or courtyard, of a house in the Buenos Aires suburb of Belgrano and that both the principals were wounded.

## MERCHANTS NEED BACKBONE SAYS CREDIT EXPERT HITCHCOCK

### Business Success Depends On Collections and Elimination of Dead Beats

Progressive business men of Santa Ana will protect their business from excessive loss on account of dead beats and extravagant buying by those who avail themselves of credit, if the movement started last night at the Merchants and Manufacturers' Association banquet at Odd Fellows' hall to institute a credit bureau is carried to its final organization.

H. P. Rankin, A. N. Zerman, J. G. Morrow, J. C. Horton and J. S. Hall were appointed by President A. G. Flagg to work out the details and organize the bureau.

Eighty-six men representative of the various lines of business conducted in the city attended the banquet and were enthused by the splendid addresses of A. J. Pickarts, president, and E. M. Hitchcock, manager, of the Retail Merchants' Credit Association.

## EAT BIG MEALS! NO SOUR, ACID STOMACH, INDIGESTION OR GAS

"Pape's Diapiesin" Is Quickest, Surest Stomach Relief Known Try It!

—Time it! Pape's Diapiesin will sweeten sour, gassy or out-of-order stomach within five minutes.

If your meals don't sit comfortably, or what you eat lies like a lump in your stomach, or if you have heartburn, that is usually a sign of acidity of the stomach.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches or dizziness. This will all go, and besides there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin helps to neutralize the excessive acid in the stomach which is causing the food fermentation and preventing proper digestion. Relief in five minutes is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapiesin" to usually keep the entire family free from stomach acidity and its symptoms of indigestion, dyspepsia, sourness, gases, heartburn, and headache, for many months. It belongs in your home.—Advertisement.

## KAFATERIA SHOE STORE

404 West Fourth St.

of Los Angeles.

Hitchcock declared that 95 per cent of the business of this country is done on credit—the passing of checks being a form of credit. He may properly be termed the "father" of the credit association in Los Angeles, for it was through his initiative that the organization in Los Angeles became effective. Prior to the organization's institution, merchants of Los Angeles were losing from three-quarters of one per cent to 2 per cent on their annual sales because of bad accounts. There was a lack of co-operation among the business men in the protection of each other from buyers who abused the privilege of credit. Within a year or two after the organization of the association that loss was reduced to one-fourth of one per cent in general lines and to one-tenth in dry goods merchandising.

### Dead Beats Eliminated

Through co-operation of the business men, it is now impossible for a dead beat to beat more than one member of the organization, where before the same man might beat half a dozen or more. Applicants for credit at any of the stores must sign a statement giving the names and locations of firms with which they have been doing business and bank references, if they have such. The opening of an account is denied until such a time as the references can be investigated and a report made by the manager of the credit association. A card index giving complete information on every one running a credit account is kept by the association, and if a man who has been enjoying the privilege of credit at one store wishes to transfer his business to another store and makes application for credit, the man in charge of credits at the latter store at once telephones to the association for a statement on the applicant. If it is found that he has not settled his accounts at the store from which he wishes to withdraw his patronage, he is denied credit; if he has been prompt in his payments, he is extended the privilege of opening an account.

Banks of Los Angeles render the association every assistance, while banks in outside cities have refused to co-operate with the organization to the extent of giving information asked for.

Hitchcock endorsed the following taken from a bulletin recently issued by the Philadelphia Credit Men's Association:

**Important Stages in Merchandising**  
"Merchandising of today is based upon three very important stages: First, goods must be well bought; second, there must be a proportionately good sale wherein there is a profit and a satisfied customer; third, but not least in importance, is the collecting for goods sold on credit, for goods sold on credit and not paid for are not well sold, and strange to say, many merchants pay little attention to the collecting as a factor in the sale. They buy at a certain figure and sell at a certain figure and estimate the proportionate overhead expense and they think they have arrived at a basis of profit, but if the collected price is not equal to the selling price plus interest and expense of collecting then that selling price cannot be figured as a basis of profit. Figuring interest on his average carryover on his books must be done to arrive at his correct profit."

Backbone and persistency in collecting are essential to business success, in the opinion of Hitchcock.

**Commercial Jealousy Evil**  
"Commercial jealousy is one of the greatest evils that exists in mercantile circles where credit associations do not exist," said the manager. "I believe associations of this kind tend to broaden the commercial view of merchants, brings them into closer relationship socially and commercially, inspires them with a more kindly spirit toward their competitors."

"There are a great many firms doing a successful credit business, but they keep a close watch on collections and insist on prompt payments. Do you merchants present ever stop to think that when you allow long standing accounts that you encourage your customers to patronize cash stores as well as increase the sales of your competitors? This is due to the fact that when any of your customers are owing you what they themselves consider their limit with you, they do not enter your store to purchase for cash, but go to your competitors' stores and will continue to do until they have paid your bill, therefore you are losing this trade by letting their account run."

**Merchants Need Backbone**  
"What merchants need is backbone. They are always afraid if they say no the other merchant will get the business. But when you know that you are not justified by good business principles in extending the credit, you will ultimately find that NO was correct and it was good judgment to let them run."

## MOTHER! YOUR CHILD IS CROSS, FEVERISH, FROM CONSTIPATION

If Tongue is Coated, Breath Bad, Stomach Sour, Clean Liver and Bowels

—Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that his little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of his little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."—Advertisement.

## SCHOOL TRUSTEES SIGN FOR PAVING

Progress in the matter of paving Walnut avenue, from Orange avenue to Oak, was made last night when the city board of school education agreed to sign up for the paving of those portions of Walnut avenue abutting on the Roosevelt school property. This action was taken when the board was informed that more than 75 per cent of the remaining property on those portions planned to be paved had been signed up. Action by the school trustees regarding signing up their portion of Maple avenue, which bounds the Roosevelt school property on the east, was not taken.

The board took action on a number of bills and adjourned until its next regular meeting night, two weeks from last night.

## BRINGS SAMPLES OF WAR ZONE FOOD

NEW YORK, Mar. 9.—Samples of the food given to the inhabitants of Gradno, Lithuania, territory conquered by the Germans, were brought to this city by Mrs. Gellie Flicker, who arrived on the Ryndam from Rotterdam. Mrs. Flicker came to join her husband, Levine Flicker, in Brooklyn.

There are two kinds of bread, one almost black, the other gray. Both were so hard that it would take a strong pair of teeth to bite them. This bread, said Mrs. Flicker, costs 2 cents a pound. The Germans give the Lithuanians half a pound a day each.

A substance somewhat resembling meal, although much coarser, was described as a meat substitute. There was a similar food which is boiled with potatoes to make soup thicker.

Potatoes so small that they were formerly thrown away are now cherished, Mrs. Flicker said. She brought over some no larger than a marble. Sewed under the lining of her cloak Mrs. Flicker concealed a cloth bearing messages to relatives in this country from Lithuanians. These brief letters told of deaths in the families and begged for help.

and M. Association.

Manager Hitchcock said that a high class credit association could be maintained in Santa Ana at an expense of about \$175 a month, including a collection department.

A. G. Flagg, president of the M. and M. Association, presided, and calling for an expression from those present as to whether or not a bureau should be formed, it was moved by J. G. Morrow that organization be effected. Herbert Rankin seconded the motion. The vote in favor was unanimous.

Following the adoption of the motion Rankin suggested that each one present write yes or no to two questions and sign their names in order that information might be had upon which to base further actions. The questions were, "Will I join an association if it is a success?" and "Will I assist in establishing one?" Yes was the answer to both questions.

The banquet was served by the Dragon and the menu and service was of the high order characteristic of this firm of caterers.

## SALEM, ORE., SEEKS MONOPOLY OF NAME

SALEM, Ore., Mar. 9.—There shall be no Salem but Salem, Ore., is the city that has gone forth to the world from the Salem, Ore., Commercial Club. Twenty-eight states have Salem, but the Oregon Salem has firmly demanded that each of the twenty-eight states expunge the name of Salem from their state maps. Just to clear the record and save the postal department from confusion and place the responsibility for maintaining the name of Salem clean and untarnished, the local club has written to the pseudo-Salems in the following states and told them to go and get another name and be rechristened:

Alabama, Arkansas, Colorado, Florida, Idaho, Illinois, Indiana, Iowa, Kentucky, Maine, Maryland, Massachusetts, Michigan, Missouri, Nebraska, New Hampshire, New Jersey, New Mexico, New York, Ohio, Oklahoma, South Carolina, South Dakota, Utah, Texas, Virginia, West Virginia and Wisconsin. The Salem, Ore., club anxiously awaits replies.

## WOMEN PLUNGE NINE STORIES IN ELEVATOR

NEW YORK, Mar. 9.—Twelve women shirtwaist operatives in an elevator in the eleven-story loft building of 10 West Thirtieth street were plunged from the ninth floor to the basement. All escaped serious injury except one, whose ankle was fractured. The others were severely jarred and suffered from hysteria.

## MEXICAN JUMPED IN TIME TO AVOID THE FATE OF HIS HORSE

Yesterday afternoon Valentine Cruz, a Mexican, appeared at the courthouse and wanted some one to make George Spangler pay for the horse that was killed when Spangler's machine wrecked a buggy east of Bolsa Sunday night. Cruz said that he was driving along without a light and on the left side of the street when he saw the automobile bearing down upon him. He jumped, and fell face down. When he got up the wreckage was well down the road, and in the excitement that followed Cruz failed to make ownership of the horse known. That was why it was supposed the horse was running loose on the road. Cruz has not yet collected from Spangler, who thinks that if anyone is entitled to damages it is he.

## INFANTILE PARALYSIS HITS SOUTH AMERICA

SANTIAGO, Chile, Mar. 13.—A good deal of infantile paralysis having been reported in South America lately, Chile has established inspection corps at Arica, Punta Arenas, Osapallata, and in the Andean passes. In spite of all precautions there has been some Chilean cases of the disease.

## M'COY OUTPOINTED

NEW YORK, March 13.—Paddy Murphy outpointed "New Al" McCoy in ten rounds.

## LEONARD BEATS TILLMAN

PHILADELPHIA, March 13.—Benny Leonard, New York lightweight, defeated Johnny Tillman of Minneapolis in six rounds.

## CHIP AFTER DARCY

YOUNGSTOWN, O., March 13.—George Chip, the New Castle miner, is again hot on the trail of Les Darcy.

His latest claims are based on last night's performance here in knocking out "Caveman" Bob Moha in the fourth stanza of their twelve round bout. It was the first time Moha had ever been knocked out.

## WALLACE GETS DECISION

DENVER, Colo., March 13.—Otto Wallace, Milwaukee lightweight, won the decision over Kid Mex of Pueblo after fifteen rounds of hard battling.

Have you a house for rent? Use the Register's classified ads.

## THIS COUNTY LEADS IN ATTENDANCE AT LEADER CONFERENCE

Orange County Y. M. C. A. again stood first in the number of representatives at the leaders' conference, held at Pomona Sunday afternoon and evening. Twenty-seven leaders of clubs in this county made the trip by machine and enjoyed the conference. Albert E. Roberts, international secretary of County Y. M. C. A. work, was the main speaker, although state and county secretaries and leaders added to the affair. Roberts emphasized the need of super-men in the trying times which are ahead after the close of the war. These, he stated, will have to come most largely from the rural districts. Hence there is a tremendous responsibility upon the leaders of this movement on the rural districts who have as their aim the development of character.

The following representative men of Orange County were in attendance: Prof. Deaver, Martin Warren, Coach Smith, Glen Tidball, and Theo. Moyle of Santa Ana; Rev. McDougall, Arthur Lindsey, and W. A. Jones of Tustin; A. B. Crane and Andrew Moore of Wintersburg; J. G. Allen, P. M. German, Coleman Hickey, Waldo Tournot and Ruel Reed of Garden Grove; Floyd Watson, Prof. C. E. Teach, Prof. Thomas, Prof. Schmitt, Dayton Ditchie, Donna Spicer and Sherman Gilgley of Orange; Prof. Prince and Irving Quorton of Anaheim; Neil Miles of Fullerton, and R. G. Cole.

The next leaders' meeting will be held in Santa Ana this Saturday evening, when a banquet will be served, probably at the Spaulding Memorial Church, and Prof. Cranston will continue with his study on "Leadership."

## Brings Oaks Home

OAKLAND, Cal., Mar. 13.—Del Howard brought 13 Oaks here today for some home grounds practice preparatory to meeting the Chicago Cubs tomorrow. The squad will also meet the Cubs in two more games and the University of California twice this week.

## HAEFLING VICTOR

ROCHESTER, N. Y., March 13.—Corona Kid of New York was badly beaten by Freddie Haeffling, the Wilkesbarre wizard here.

## SCHOOL CHIEFS' CONCLAVE GETS RESULTS, SAYS CRANSTON

S. A. Superintendent, Home, Is Enthusiastic Over Stimulating K. C. Meeting

That the inspiration resulting from the free discussion of ideas brought by many men from practically every section of the United States was the subject and most helpful feature of the national convention of the National Education Association's department of school superintendents, which recently closed at Kansas City, was the opinion of City School Superintendent J. A. Cranston, who returned last night from the big convocation.

"It is the personal touch and the exchange of new views regarding education that are productive of the greatest good at a convention such as the one held at Kansas City," said Superintendent Cranston today. "There were 4000 at the convention, presidents of normal schools, universities and colleges, and state, city and county superintendents."

**Standardization**  
"One of the big things that came up for a large share of discussion was the subject of standardization of public school work and public school systems. This is a matter that has been advocated for years and is coming in for an over-increasing share of attention. The question of surveys in connection with standardization of work was also discussed and the sentiment of the convention was that surveys are not productive of as much good as they might be, owing to the fact that they generally are conducted too hurriedly and that those making the surveys are too ready to introduce revolutionary methods without ground having been sufficiently broken in advance."

Cranston stated that the value of vocational guidance in public schools

Only a few people are fortunate enough to put on "any old thing" and look well. Most of us have to select with care what we wear.

Those men who wear

**"Mallory Special"**

are relieved of a part of the care—they need give no special thought to the quality or the workmanship. These are provided for and guaranteed by the name of the maker—"Mallory"—in the hat.

All you need to do is select the style and color which best pleases you.

New Spring styles are here.

**\$2.50, \$3.00 to \$4.00.**

**Hill & Carden**  
112 West Fourth St.

was emphasized at the convention. The consensus of opinion was that for the teacher to learn what a pupil's natural abilities are, and then to adapt the child to his environment is one of the most important things that a teacher can do.

The convention went almost unanimously on record as being opposed to military training in schools.

The next convention will be held at Atlanta, Ga., probably during the same time it was held this year, from February 26 to March 3.

Visits Minnesota

Leaving Kansas City, Cranston went to Minneapolis, where, at Minneapolis, he visited with his brother, R. W. Cranston. Public schools were visited at Minneapolis by the Santa Ana Superintendent. The Minneapolis grammar schools, Cranston believes, are superior to those in California. This is due, Cranston stated, to the fact that in Minnesota teachers are allowed to assign home work to the pupils in California there is a law against this. The California high schools are better than those in Minnesota, Cranston believes.

Business in Minneapolis Cranston found rather dull. Cranston was unable to determine exactly the reason for this sluggishness, but he believes that it was partly due to the unusually severe winter which has obtained throughout the Middle West. Twenty-four below zero weather was encountered by Cranston at Minneapolis on March 3. The city at times has been blanketed with three feet of snow on the level. A snow storm delayed Cranston one day on his return trip to California.

While in Minnesota Cranston also visited St. Cloud and Elk River, at both of which towns he was superintendent before coming to Santa Ana.

**CLEVELAND HIRES SCHOOL DIRECTOR**

CLEVELAND, March 13.—September first Dr. Frank E. Spaulding will become absolute dictator over the public schools of the Sixth City. Thereby the city sets aside the school board to try an experiment. Dr. Spaulding will receive \$12,000 a year, said to be the most ever paid a school head in the United States.

One of the first things Dr. Spaulding will do, he says, is to test all teachers' efficiency, weed them out and raise all salaries of those remaining. He has been head of the Minneapolis schools, where he put the school board to one side except in discussing policies.

There also he abolished all standing committees of the board and handled all executive matters himself, used his own text books and paid the royalties to the school fund, gave normal school students jobs as "cadet" teachers with pay, threw the school buildings wide open to the public for meetings held staff meetings of teachers, started "open study rooms" for backward students, doubled the number of kindergartens and placed them under a competent director.

He also mapped out a school building program covering a period of years, established two year high school courses for commercial and technical students and made inducements to keep boys and girls in school when they showed signs of quitting.

**OLIN BEATS ROLLER**  
CHICAGO, March 13.—Displaying wonderful strength, but showing little in the line of scientific wrestling, John Olin, Worcester, Mass., Finnish grappler, pinned Dr. B. F. Roller of Seattle to the mat in straight falls here last night. The first fall came in 47.51 with a reverse body lock and the second in 4:50 with a body scissors.

**CASTORIA**  
For Infants and Children  
In Use For Over 30 Years  
Always bears the Signature of *Chas. H. Fletcher*

THE housekeepers of Santa Ana are showing their appreciation of the efforts of Chef A. L. Wyman, by crowding the storeroom at 412 North Main street, every afternoon. This is an exceptional opportunity for housewives to secure new and unusual recipes as Chef Wyman will give any recipes or any directions that may be asked for, for the preparation of any dish known to modern cookery.

Tomorrow afternoon at 2:30 the Chef will prepare and serve Martha Washington Sponge Cake, French Fry Cakes, German Meat Loaf with Noodles, Sweet and Sour Sauce, and a new salad and salad dressing.

## TODAY TO ISSUE BICYCLE RACE ENTRY BLANKS

Last evening the Orange County Bicycle Association held a meeting at Livesy's to take up details of the May 5 Bicycle Day and 15-mile road race. The entry blanks will be issued today and placed in every bicycle store in the county. Until this meeting several details as to entering were not settled upon as the race is limited to Orange county riders.

The coaster brake will not be barred for it would be a hardship for many riders to have to substitute another rear wheel for the race. Handicapping will allow for differences in machines as well as the speed of the riders themselves.

There will be at least twelve divisions in the parade and it is now expected that the Boy Scouts will make a good showing in line.

Charles Fuller Gates of Los Angeles, who is helping the local dealers to get up Bicycle Day, was present last night and will spend a day or more in this locality each week helping to make Bicycle Day a success.

## KIDDIES GIVE QUEER ANSWERS IN TESTS

PHILADELPHIA, March 13.—"Polio-mycetitis is a brand of New York breakfast food," wrote a young grammar school miss in a "general information test" given to all the pupils of Germantown Friends School here.

Two other definitions for the word were perhaps just as venturesome. One little Johnny called it "the result of liquor," and a demure though conscientious lass branded it as "the worship of more than one god." Then there were other answers, like these: "The first woman in Congress was Betsy Ross."

"The character Naaman appears in Omar Kajamm."

"The ukulele is an instrument of torture."

"The underground railway is the method of communication with Congress revived by President Wilson."

"A mediator is a piece of hot iron shooting through the sky."

"Shadow Lawn is noted for the Slaughter of 1916."

## MODERN LOCHINVAR ENDS FAMILY FEUD

CHICAGO, Mar. 9.—The historic family feud between the Montagues and the Capulets wasn't a circumstance compared to the differences of the Dukes and Fricanas. Only the latter have had more luck than did Mr. Romeo and his ill-fated lady friend, Juliet.

Miss Lillian Duko, 15 and sure she loves her Romeo, is the Juliet of this story. Alfred Fricana appears in the role of Romeo.

For months Alfred had begged Lillian to marry him. For months she had refused because of the feud.

Alfred waited for Lillian when she left her home at 1125 Larabee street, one day for work. Right in front of her mother he seized her, bundled her into an automobile and "stepped on" all the way to the minister's.

That night, after the police had scoured the Italian district in vain for Lillian, Alfred called up her raging papa.

"Bring my daughter home," thundered Mr. Duko.

Alfred made some un-Shakespearean replies. Then Lillian "cut in" on the wire and soothed the parental temper.

"Oh, I guess it's all right," said Papa Duko last night. "I'll guess we'll have to shake hands all around and call the family war off. Alfred must be a pretty smart boy to steal Lily right under my nose."

## MRS. GAY WINNER IN THEATER CONTEST

Mrs. Emma Gay, 1125 West Fourth street, was declared the winner of the Lyric Theater contest which closed Saturday. She won with 957,405 votes and was awarded the first prize, a new Chevrolet automobile.

Mrs. Gay is a widow with two children. Asked to what she attributed her success she replied:

"I just rode my old 'bike' all over the country, from the Irvine section to the Fullerton oil wells. The men in the oil wells bought tickets 'just to help me out,' they said. Then I talk pretty fast," laughed Mrs. Gay, "and that helped considerably."

Mrs. Gay states she is going to sell her Chevrolet to the highest bidder. "I need the cash more than I need the machine," she said. "I'd like to keep it and give everybody who was kind enough to purchase a ticket from me a good long ride, but I can't afford the luxury."

## GIBBONS IS READY TO DEFEND TITLE

BY H. C. HAMILTON  
(United Press Staff Correspondent)

NEW YORK, Mar. 13.—Mike Gibbons, long recognized as the foremost middleweight in this country, and acknowledged by many to be the peer of any in the world, has declared himself champion of his class and says he will meet all challengers, the only stipulation being that they agree to weigh in at 158 pounds, give or take two pounds.

"I will adhere to the old rules of the London prize ring," Mike announced, "meeting all comers, give or take two pounds from the 158, the proper middleweight limit."

Mike has been having the time of his life trying to force Les Darcy the Australian into a match, with no success. He is now ready to pass up the famous Kangaroo jumper and let Darcy do the chasing.

It would be a fine thing for boxing if Mike were given the title. It would put an end to such exhibitions as that put on a short time ago in New York when Jack Dillon and Al McCoy battled. Also it would end for all time any argument as to whether Al McCoy is entitled to the championship any more than any one else. To be a champion a boxer should be able to defeat the best in his class. McCoy hasn't even kept pace with Freddie Welsh.

There is only one real defeat he can get up against Mike since he began boxing in 1908 and that was when Jimmy Clabby was awarded a decision at the end of ten rounds with the famous St. Paul flash. He has shown badly in one or two no decision contests, among them being one with Soldier Parfield and one with Packey McFarland. He was generally credited with having been outboxed in both of these affairs.

If Mike Gibbons sticks up to his claim and intends to defend the crown he will have plenty of supporters. Most anyone will be willing to concede him the title.

## INSURANCE (That's All)

**O. M. Robbins & Son**

402 N. Sycamore St.

## A Corset Exhibit of Rare Beauty

—A most attractive exhibit of the new models of Corsets is being made in our Fourth Street front.

—These models were secured by Express from the factories to exhibit the latest and best ideas in corsetry embracing the well known lines we carry.

—We believe you will appreciate this showing as well as the privilege of inspection of the Corsets in our department, where an expert will serve you.

## La Camille Front Lace

—Smartest ideas in Corsetry are embodied in our "La Camille" Front Lace corsets. Absolutely authoritative for style, they mould the body to express its greatest charm and beauty.

—The patented "Ventilo" Back is a great corset improvement. In addition to providing ventilation, it removes all pressure from the spine. The front shield prevents scoring of the flesh.

—Models for all figures, both high and low bust, in white and flesh pink. Prices \$2.00, \$2.50, \$3.00, \$3.50, \$4.50, \$5.00, \$6.50, \$7.00, \$7.50, indicates the extent of our line.

## Nemo Self Reducing

—Science, invention, experience, all combined have resulted in obtaining the perfection of corset comfort and durability embodied in the Nemo.

—One of the excellent features of the "Nemo" is the self-reducing qualities combined with the "Wunderlift" bands which are adapted especially to stout figures.

—We show an extensive range for medium and stout figures, and some numbers for slender figures, when great durability is desirable. Prices from \$3.50 to \$5.00.

## W. B. Nuform

—The "W. B." is among the best of the lower priced corsets, always dependable in quality, always accurate in style, always satisfying to the wearer.

—We show a satisfying range of models for slender and medium figures, strictly new and very pretty in the novelty broadens, or plain materials in white and flesh pink. Prices, \$1.00 to \$3.00.

—You will find other well known, well liked lines in our extensive stock. "Her Majesty" is a low priced, high value corset. Ferris and Sahlin waists are here in all the wanted models and sizes.

## Noah Is Responsible for Hams & Bacon

He Forgot to Leave the Pigs Ashore

When it comes to hams, bacon and lard you can hardly afford not to buy of us. This is one department where we are absolutely supreme—both in delicious goodness and price.

There is nothing so appetizing as one of our thoroughly cured hams and bacons. They satisfy the palate. And when it comes to prices, our hams and bacons are always cheaper than those cured out of town. We have our own home slaughtering house, as you know, which accounts for the saving.

Bergman & Obarr.

Don't sell your live stock to speculators. Sell direct to us—your home market. We pay full market prices.

## FREAK GOWNS MUST GO, FASHION EDICT

CHICAGO, Mar. 13.—Freakish styles in the costumes of American women are doomed.

The 1500 designer-dressmakers, here for the sixth semi-annual convention of the Fashion Art League of America, said so today. They will compete for prizes offered for the best and simplest designs of various gowns, including tailleur, afternoon and evening frocks.

Exhibitions of the gowns on mannequins will feature the convention, which ends Thursday evening. As an example of the pressure the designers are bringing to bear in the effort to eliminate freakish modes, the style committee has issued an edict, tabling "summer furs." No longer will midday appear in the torrid temperature of a July day, bundled to the ears in furs, if she would display good taste.

The designers, however, are discriminating carefully between the sensible and the extreme, and have therefore made no effort to banish the very practical short skirt.

"Skirts are to hang straight, with 2 to 2 1/2 yards about the hem. They should be 6 to 8 inches from the ground—a 'tiny bit' longer than last season," said Mme. Allie E. Bailey, president of the league.

Dresses are to be of wool or combinations of wool and silk, and use hats, parasols and other accessories are to be of contrasting colors to enliven the ensemble.

**KALLIO SHOWS CLASS**  
MARYSVILLE, Cal., Mar. 13.—Rudy Kallio, the Seals' youthful pitcher, showed his class when he let the Chicago Cub Yannigans down with four hits and won yesterday's game 7 to 3. Rudy allowed a single in the fourth and three in the fifth. The rest of the game the Cubs were hitless.

## REPORT OF THE CONDITION OF THE FIRST NATIONAL BANK at Santa Ana, In the State of California, at the Close of Business on March 5, 1917

Resources		
1. Loans and discounts (except those shown on b and c)	\$1,320,106.06	
2. Total loans	1,320,106.06	
3. Deposits		
10. Notes and bills rediscounted (see item 53)		\$1,320,106.06
11. Overdrafts, unsecured		169.14
12. U. S. Bonds deposited to secure circulation (par value)	300,000.00	
13. U. S. Bonds pledged to secure postal savings deposits (par value)	5,000.00	
14. Total U. S. Bonds		305,000.00
Bonds, Securities, etc.		
15. Bonds and securities pledged as collateral for State or other deposits (postal excluded) or bills payable	88,507.50	
16. Securities other than U. S. bonds (not including stocks) owned unpledged	113,710.00	
17. Total bonds, securities, etc.		202,217.50
18. Stock of Federal Reserve Bank (50 per cent of subscription)		15,000.00
19. Value of banking house (if unencumbered)	60,000.00	
20. Equity in banking house		60,000.00
21. Net amount due from approved reserve agents in New York, Chicago, and St. Louis	268,814.94	
22. Net amount due from approved reserve agents in other reserve cities	280,867.87	
23. Net amount due from banks and bankers (other than included in 21 or 22)		114,129.44
24. Other checks on banks in the same city or town as reporting bank		24,880.73
25. Fractional currency, nickels, and cents	784.18	
26. Notes of other national banks	82,575.00	
27. Federal Reserve notes	31,700.00	
28. Lawful reserve in vault and net amount due from Federal Reserve Bank		227,050.00
29. Redemption fund with U. S. Treasurer and due from U. S. Treasurer		15,000.00
Total		\$2,957,394.86
Liabilities		
30. Capital stock paid in		\$ 300,000.00
31. Surplus fund		200,000.00
32. Undivided profits	141,452.37	
33. Less current expenses, interest, and taxes paid	113,652.32	
34. Circulating notes outstanding		126,870.05
35. Net amount due to banks and bankers (other than included in 21 or 22)		52,215.74
36. Demand deposits:		
37. Individual deposits subject to check	1,292,260.70	
38. Undivided profits	226,132.41	
39. Certified checks	181.77	
40. Cashier's checks outstanding	128,078.41	
41. Postal savings deposits	4,999.85	
42. State, county, or other municipal deposits secured by pledge of assets of this bank		80,000.00
Total demand deposits, items 33, 34, 35, 36, 37, 38, 39, and 40		1,731,653.14
43. Time deposits (payable after 30 days, or subject to 30 days or more notice)		
44. Certificates of deposit	246,635.93	
Total of time deposits, items 41, 42, and 43		246,635.93
Total		\$2,957,394.86

State of California, County of Orange—ss.

"My Country 'Tis of Thee, Sweet Land of Liberty."

### FRANCE STRIKES AT ALCOHOL

On the walls of every post office in France the government has ordered the following declaration, signed by the president, to be exhibited:

"To French Women and to Young Frenchmen

"DRINK IS AS MUCH YOUR ENEMY AS GERMANY

"Since 1870 it has cost France in men and money much more than the present war.

"Drinkers age quickly. They lose half their normal life, and fall easy victims to many infirmities and illnesses.

"The seductive drinks of your parents reappear in their offspring as great hereditary evils. France owes to alcohol a great many mad men and women and consumptives, and most of her criminals.

"Drink decreases by two-thirds our national production; it raises the cost of living and increases poverty.

"In imitation of the criminal Kaiser, drink decimates and ruins France, to the great delight of Germany.

"Mothers, young men, young girls, wives! Up and act against drink in memory of those who have gloriously died or suffered wounds for the Fatherland! You will thus accomplish a mission as great as that of our heroic soldiers."

### NOT "PROGRESSIVES"

Some of the reactionary papers have taken occasion to feature in startling headlines the charge that the "Progressive" senators at Washington are to blame for the filibuster. Here is the "blacklist" and it shows how unfounded the charge is:

Republicans—Clapp, Minnesota; Cummins, Iowa; Gronna, North Dakota; Kenyon, Iowa; La Follette, Wisconsin; Norris, Nebraska; Works, California.

Democrats—Kirby, Arkansas; Lane, Oregon; O'Gorman, New York; Vardaman, Mississippi; Stone, Missouri.

There is not a single man in the list who has ever been registered as a Progressive. Some people may class Works as a Progressive, but he was elected to the Senate as a Republican and never affiliated with the Progressive movement as a third party one. When Roosevelt and Taft were running for the presidency in 1912, he refused to support either of them and voted for Wilson. He has been completely out of touch with the Progressive movement in this state since his election to the Senate; and there is certainly no reason why the Progressive organization should be made responsible for his idiosyncrasies. No paper in the state made more fuss over his defection from the Progressive cause than the Los Angeles Times, that is now seeking to list him as a Progressive. La Follette, Cummins and others on the list have never been anything else than Republicans. La Follette in recent years has been more of a crank than anything else and no party should be held responsible for him.

The writer is unable to see why the filibuster is not blamed on President Wilson's own party. Senator Stone started it and throughout the contest he had the support of several other Democrats who stand high in the party councils.

The Progressives certainly can claim an alibi.—Riverside Press.

### With Malice Toward None

By Henry James

Curing a Slacker

Governor Whitman of New York recently proceeded to take the slack out of a slacker.

A prize fighter named Darcy came to this country from Australia. He came just as his country needed him, and this country, of course, never needed him. A prize fighter is a shameful waste of energy.

Darcy expected to pick up a roll of easy money by getting into the ring for a few moments with large gloves on, and thought there is a multitude of boobs, would be about right as a starter. The affair was to have taken place in New York, but the governor wouldn't have it. He said in effect, that a slacker didn't deserve the benefit of any such graft.

The slacker is the man who sneaks out of serving his country in its time of need. Take a man who is at once a slacker and a pugilist, and if his qualities do not combine to make his

presence undesirable, the canary ate the cat.

### Making Language

Recently a policeman arrested a driver for what he termed "ex-speeding the limit."

One might search the dictionary without finding this word, but he couldn't find anything better for the purpose.

### Guilty

A man arrested in San Francisco for having promised various and sundry easy folk to cure their ills for a dollar, was found to be wearing purple socks and tie.

The raiment should be confiscated, marked "exhibit A" and used to support a verdict against the defendant.

### Art

Sorry to notice that Sir Granville Barker says that art is a failure.

Perhaps war has perturbed his faculties somewhat. Or maybe he has in mind this Cubist stuff.

### Truth

Some people think that nothing but the truth ought to be told.

Do they want to put a monkey wrench into the whole diplomatic machine?

### Just Dreaming

There is no reason to doubt that if Germany could incite Mexico, Japan and Russia against this country it would do so. Americans of all classes make the admission with regret.

They have no reason to fear Mexico, Japan or Russia, but they had thought better of Germany.

### Purely Personal

It would delight me to see a ship with La Follette and his kind as passengers set out unarmored across the Atlantic just to put this international love business to a test.

### Choice of Evils

If one desires to go abroad now he must go by a ship that is unarmed, or by one that is armed.

The first will be sunk because it is unarmed and the second will be sunk because it is armed, unless it can pot the submarine first.

Calls to mind that there is no place like home.

### Sunshine

One correspondent laments that there is not more sunshine in this column. All right, so long as he does not complain that there is moonshine in it.

The fact is that with half the world shot to pieces, and the other half wondering when its turn is coming, the tendency to be peculiar is fostered, and no smudge pot in sight.

### The Question

The District of Columbia is to be dry.

But will the eminent statesman be allowed to maintain a suspicious bulge of the pocket as he returns from mending fences?

### Hypnosis

Dr. George E. Vincent declares that only idiots and children can be hypnotized.

Evidently three things concerning which the good doctor is strangely ignorant are idiots, children and hypnosis.

### Intemperance

Speaking to a woman's club a woman recently said that a man who drank a daily glass of wine with his dinner was always drunk.

Never drunk enough to talk such nonsense as that, though.

### Real Estate Transfers

(Furnished by the Orange County Title Company.)

### SQUARE DEAL FOR THE LABORER

Editor of the Register:

Is the working man getting a square deal?

I have farmed for the last thirty-five years and kept a farm account. I will compare the price of farm produce and farm labor of nineteen or twenty years ago with prices of today.

I have kept a farm account since 1887, and if anybody thinks that the laboring man is getting a square deal I want him to read a few figures that I will give in this article. These figures are from my old account book, and the first quotations are from some of the sales of our farm in 1898, in the township of Fairmont, Martin county, Minn. The second figures show the prices that farmers are now getting for the same kind of farm produce—and I shall also compare the prices paid day laborers then and now, back there; then I want the readers of this article to honestly say whether he or she thinks the man who works for the farmer is getting anywhere near his share of the prosperity that comes to the farmer.

In 1898, Feb. 16, I sold oats for 23c per bushel, now they are 51c.  
Corn then 30c, now 92c.  
Fat hogs then \$3.25, cwt., now \$12.35 cwt.

Butter fat then 11.1c, now 45c.

Hay then \$3.25 ton, now \$12.00.

Grass seed then \$1.50 cwt., now 'way up.

Fat cows \$2.50 cwt., now \$7.00.

Wheat then 51c bu., now out of sight.

Turkeys 8c lb., now 20c.

I sold on March 26, '98, three fine fat steers and a fast cow for \$107.50, or \$26.87 each, the last paper from Fairmont quotes a sale of a bunch of steers at \$145 each. The same paper states that one of the soldier boys that went to the Mexican border when called by President Wilson, is back with his company and has no job. He applied to the mayor for the job of night watchman and the council turned him down after being recommended by the mayor, because the jobs, they say, must go to the married men. No work for men that are not married.

What are the wages there now for day laborers—when they can get work—as compared with day wages in 1898? \$2.00 to \$2.50 and board your self, or about \$1.00 to \$1.50 and board furnished. Or \$35.00 to \$40.00 a month and board.

In 1898 wages for farm hands was not less than \$1.00 a day and board.

Now I can't see how the man that depends on work on a farm is going to live, to say nothing about keeping a family.

Then we wonder why people don't marry and raise big families. People send to Wm. Kettner, M. C., at Washington, D. C., and get the report of the Industrial Relations Commission and read it and study it and you will know what the trouble is.

Yours for a square deal for the workingman and a chance to make a living, raise a family and be a man.

LUCIEN A. SWEET,

1416 West Washington.

### HOUSEKEEPERS LEARN HOW TO BUY GOODS AT L. A. PURE FOOD SHOP

LOS ANGELES, Mar. 12.—A school for housekeepers to teach them how to select and buy goods is a feature at the Pure Food Show today. The show opened last Saturday and will continue for two weeks, with two Sundays omitted.

Nearly 100 exhibitors, representing both local and national food products have agencies at the show. In addition to the two halls, filled with exhibitors, special daily programs will be conducted. There will also be daily baby shows, cooking classes, women's club meetings and other features.

### DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folk call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.—Advertisement.

A production that no man, woman or child can afford to miss.

## 'JOAN THE WOMAN' IS A MASTERPIECE

"Joan the Woman," which has its premier at Clunes last night, may well be called Geraldine Farrar's true screen success. While the operatic star has appeared in several films thus far, this is really her first complete triumph. It takes a number of appearances before an artist of the legitimate, especially the operatic star, can fit into the new order of things. Miss Farrar, in "Joan the Woman," displays artistry in keeping with her reputation of the legitimate stage. It is by far the greatest piece of acting she has done for the screen. Incidentally, the part fits the character, molded Geraldine to a "Queen's taste."

Unusual Art Work  
No one could better have filled the place in the photo drama of "Joan of Arc" as Miss Farrar has done. Her emotions are displayed with startling vividness, and her self-sacrificing spirit is effectively shown. In costume as well as manner she lives up to all the ideals built around the historical character. Where she abandons love to duty, she shows, without overdoing the part, just how greatly she is torn by conflicting emotions. And when she dies in the fire one can almost hear the crackling of the fagots as the flames leap up about her.

Wallace Reid deserves credit for his characterization of the reckless Englishman, who is finally brought to the feet of the girl he laughed at. The work of Theodore Roberts and Hobart Bosworth is par-excellence. One of the many wonderful things of this production is the coloring. The effects used in the fire that consumes "Joan of Arc" make the flames so realistic that it is hard to believe that they are only photographs.

There is only one other photodrama in existence that may equal it for perfection. In arrangement and artistic beauty it stands alone. The man who cut this film and fitted it to its various scenes is an artist.

"Joan the Woman" is the sort of picture one sees without remembering the cost. It makes one think. Perhaps the most striking thing about the whole picture is the comparison of ancient womanhood with the present day. In "Joan of Arc's" day such a deed was immortalized. Today we almost expect it of our women.

LITTLE GIRL HAD CROUP  
—Every mother knows and fears croup. Mrs. R. M. Raney, R. F. D. 2, Stanford, Ky., writes: "My little girl had been having croup every few nights. I began to give her a few drops of Foley's Honey and Tar Compound every two or three hours, and that night she slept well, never coughed any, and the next day her cold was gone. To all my friends I am saying, 'Get a bottle of Foley's Honey and Tar for la grippe, coughs, colds and croup. A genuine cure.' Rowley Drug Co.

SPRAINS AND STRAINS RELIEVED  
Sloan's Liniment quickly takes the pain out of strains, sprains, bruises and all muscle soreness. A clean, clear liquid easily applied, it quickly penetrates without rubbing. Sloan's Liniment does not stain the skin or clog the pores like nuzzles, plasters or ointments. For chronic rheumatic aches and pains, neuralgia, gout and lumbago have this well-known remedy handy. For the pains of grippe and following strenuous work, it gives quick relief. At all druggists, 25c.

You appreciate good service. All work guaranteed. Call Sutorium, Pacific 279, Home 505; 309 E. Fourth.

# POLY CONFIDENT OF CAPTURING COUNTY MEET SATURDAY

'Flash' Raney Relied Upon to  
Bring Home Most Points;  
Others Loom Strong

Baseball, tennis and other branches of athletics must give way this week to that form of sport which answers to the name of track. This is the week that the cinder artists reign supreme and must be granted the majority of the publicity. For, this coming Saturday is scheduled the most important track and field meet of the season for every county high school and it is one of the most noteworthy of the south. St. Patrick's day will find all the athletes and followers of Orange, Fullerton, Huntington Beach, Anaheim and Santa Ana high schools gathering on the local oval to contest for the E. B. Smith trophy.

There is an air of supreme confidence out at the local institution of knowledge. That air is particularly noticeable whenever the well-built form of Skipper "Flash" Raney wends its way over hurdles or around the local track. Santa Ana fully relies on her youngest captain to bring home the bacon Saturday, single handed, if need be and according to present indications "Flash" is going to accomplish the little trick.

To Enter 5 Events  
Without a doubt, Raney will enter

## MAYR'S WONDERFUL REMEDY FOR STOMACH TROUBLE ONE DOSE WILL CONVINCE

Call Stomach, Cancer and Ulcers of the Stomach and Intestines, Auto-Intoxication, Yellow Jaundice, Appendicitis and other fatal ailments result from Stomach Trouble. Thousands of Stomach Sufferers owe their complete recovery to Mayr's Wonderful Remedy. Unlike any other for Stomach Ailments. For sale by druggists everywhere.

five events, besides the relay. He ought to break even with Smith, the colored Fullerton flyer, in the 50, 100 and 220. He ought to wallopp Johnson of the same school in the low hurdles and run him mighty close in the highs. For some, such a strenuous afternoon's exercise would just about put the skills under them. For Raney it is nothing unusual. He has done it several times and means to repeat Saturday.

But "Flash" must have some aid to win the meet and from three or four men he expects to get this needed auxilium. In Johnson and Gene Trago he has two dependable speed merchants. Osborn is a fast quarter-miler, Niebias is a consistent distance man. Trotter is a crack vaulter and high jumper, while Arnold Towns is a good, all-around field event wielder. From this aggregation Coach Hall figures on annexing enough digits besides Raney's total to sew up Saturday's affair cleaner than a whistle.

**Huge Crowd Expected**  
The largest crowd of the season, with the possible exception of one or two football conflicts, is being expected. All the county schools will bring over large rooting sections but Poly does not figure on being outelled or outsung.

Outside vendors are notified that they will not be permitted to sell their wares at the meet; the student body will conduct its own sweet shop Saturday.

### A DEPENDABLE REMEDY

—Lydia E. Pinkham's Vegetable Compound is a dependable root and herb medicine. It has made a place for itself among the great mass of people, because thousands of sick women have tried it and proved that it will accomplish all that is claimed for it. Nothing unfavorable can honestly be said about it. It does not contain injurious drugs. It is a root and herb remedy founded upon a physician's prescription, and is manufactured for a specific purpose. That it accomplishes this purpose is proved by thousands and thousands of convincing testimonials.—Advertisement.

### JITNEY REGISTERS TO BE MADE BY DEACON

To engage in the manufacture of registers for jitney busses, E. L. Deacon, who recently disposed of his interest in the Crown Stake Line, will probably leave Santa Ana tomorrow morning for Los Angeles. Deacon is the inventor of the register he will make. He stated today that he already has orders for seventy of the devices. Deacon's plant will be located at 822 East Twenty-second street, Los Angeles.

### NEWPORT BEACH

# TO BULKHEAD OR NOT, QUESTION FOR NEWPORT BEACH CITY

Sentiment Upon the Important  
Issue Is Divided Into  
Three Parts

NEWPORT BEACH, Mar. 13.—As a result of the meeting of the Board of Trustees last evening, the subject of ocean front protection was brought to life again and today the people of this city are discussing the general subject of bulkheads in the abstract as in the concrete.

The divisions brought about among the property holders on this subject resolve themselves into three broad classes:

1. Those who favor a concrete bulkhead.
2. Those who favor a wooden bulkhead.
3. Those who favor no bulkhead at all.

The first of these three classes is made up of those who are in the main committed to the plan of Foster W. Harding of Santa Ana, for a concrete bulkhead. Harding has been experimenting for several years upon this subject and has recently evolved from his theories of ocean front protection, a practical plan for the construction of a bulkhead which he maintains will accomplish the desired purpose. Through Harding's efforts a petition was presented to the board some months ago carrying the names of about sixty property owners who were favorable to his plan.

Then after a time a counter petition was presented signed by several of the same persons signing the Harding petition, placing themselves on record as being against the cement bulkhead. A number of the signers of the Harding petition in past card communications asked that their names be withdrawn.

A little later many asked that their names be put back on the petition. It seemed to be a kind of "on again, off again" proposition and as many of the communications and signatures were not dated, the intent of the signers appeared to be in doubt. The city clerk reported last evening that as nearly as was possible to ascertain, the Harding petition still contained about twenty-five names majority over the other petition.

**Sample Section**  
It is Harding's idea within ten days to commence the construction along the ocean front at Newport Beach of a sample section of reinforced concrete slabs so designed as to make a continuous wall to any desired depth below the water-line of any thickness, and absolutely water tight. These slabs are so designed that after the first slab is placed in position, each slab thereafter creates a sand-tight compartment into which concrete is poured to anchor it to its predecessor, making a water-tight joining.

Harding stated last evening that the expense of his concrete bulkhead would be but little more than a similar structure of wood. It is his desire and intention to "show" the people who doubt that he is able to construct an absolutely water-tight slab.

Those who favor a wooden bulkhead are skeptical of the ability of Harding to construct a water-tight piling slab. They claim that the project of a concrete bulkhead is too big an experiment for this city to make at the expense of those who will be asked to pay the bills in the event of its possible failure. They point to the Seal Beach bulkhead as a practical demonstration of the success of the wooden bulkhead and are strong advocates of a similar method of protecting the front in this city.

One third class of property owners believe that a bulkhead of any kind whatsoever will be unnecessary within a short time. "Let the jetty do the work," they say and point to other where jetties have been built where the beach was built up by the action of the sand-drift caused by the construction of the jetty. They believe at least it is worth a trial. If the jetty will save the cost of a bulkhead along the front it will go a long way toward paying for itself, the supporters of this theory claim, and if it does not the city will be no worse off than it is at present.

The task of sifting the merits and demerits of the various theories of bulkhead construction was after some discussion left to the special bulkhead committee, consisting of Trustees Wilson and McCain, who will report at a later meeting.

**Ferry Franchise**  
City Attorney Clyde Bishop, who is at present in Sacramento, submitted a tentative franchise for the proposed island ferry, as requested by the board at the last meeting. The franchise as drawn up by Bishop contains many provisos to safeguard the city's rights as well as the prospective investor, the most important of which is a clause which secures to the municipality the right to take the ferry over after a period of five years by an equitable reimbursement to the owner.

The ferry matter was left to a committee to take the matter up with the prospective grantee and report at a later meeting.

J. P. Greeley spoke of the importance to the beach cities of Orange county of the completion of the road through the Santa Ana canyon before the opening of the summer season, and protested against the granting by the Board of Supervisors of a further extension of sixty days for the completion of the contract by H. C. Kellogg. After considerable discussion of this matter a motion was passed instructing the city attorney to prepare a resolution of protest to the Board of Supervisors against further delaying of the canyon road contract, and urging a possible speed in its completion.

The board will meet this afternoon in adjourned session to confer with Consulting Engineers Leeds and Arnold upon important matters relating to the jetty contract.

### 'HAY ROMANCES' WILL RESULT IF TYRRELL MEASURE BECOMES LAW

SACRAMENTO, March 13.—Many a California girl has packed her name and address into a crate of oranges in the hope of catching a romance and perhaps a husband, and now the California country boy who pitches hay into a baler is to have his turn at the game, sanctioned and compelled by state law, if the governor signs the Tyrrell bill which has passed the senate. It commands the hay baler to tag each bale of hay with his name, address and weight of the bale. Senator Tyrrell admitted that he never bought any hay, sold any hay or eaten any hay, and no one had the cruelty to inform him that a cow can't read.

### 'IF YOU CAN TRAIN DOG, YOU CAN TRAIN SELF,' MAN'S THEORY

LOS ANGELES, Mar. 13.—If you can successfully train a dog, you can also train yourself with success.

This is the theory of a local animal trainer of long experience.

"If you can control a dog's emotions successfully and make him do your bidding, you can control your own emotions and make yourself mind," he said. "This is because you can't expect a dog to obey if you are not in good control of yourself. You can't teach a dog by beating or threats or display of lack of self control. Make him mind by continual suggestion, mildly persuading and rewarding. By this control of your own patience you will finally have the doggie on bidable terms with you."

### MAIN STREET PROPERTY PASSES TO ORANGE MAN

The residence property at 1202 North Main street, generally known as the Hill property and recently owned by O. M. Durham, has passed to the possession of Harvey Garber of Orange. Durham exchanged his Main street holdings for a house and lot at Huntington Beach and a cash consideration.

### TO WRESTLE STECHER

SAN FRANCISCO, Mar. 13.—Atona Ira, giant Bohemian wrestler, will arrive here tomorrow and begin training for a bout here next week with Joe Stecher. The Bohemian, who weighs nearly an eighth of a ton, is not known in this section of the country.

AT THE COURTHOUSE  
**ANSWERS GOING  
TO SAY FRAUD  
GOT NOTES**

Three Cases Transferred Here  
Have Back of Them Story  
Of Stock Sale

The aftermath of the visit of a stock salesman in the Cypress and Buena Park sections developed in the superior court today when suits were brought on three notes, one for \$2000 against H. H. Covell of Cypress, one for \$1000 against Hugh La Rue of Cypress and one for \$500 against C. L. Spraker of Buena Park.

Answers have not yet been filed, but when they are filed they will allege that the notes were secured through fraud and misrepresentation.

The Pacific States Finance & Holding Co. is the plaintiff in each case. Each complaint sets forth that the defendant in June, 1915, gave the International Indemnity Co. a note, and that note was transferred to the plaintiff, who sues.

The defendants will declare that the notes were given in payment for stock in the International Indemnity Co. with the understanding that if at the end of six months or some other period the investment was not satisfactory the notes would be promptly turned back to the givers.

The plaintiff is represented by Attorney N. Blackstock. The cases were originally filed in Los Angeles, but changes of venue to this county were secured. The first of the cases to arrive was that of Hugh La Rue, who is represented by Attorney H. C. Head.

**Plead Not Guilty**  
Angelito Basquez and Leo Basquez, brothers, accused of participating with Mike Basquez, another brother, in the burglary of a house at Buena Park, today pleaded not guilty, and their trials were set for April 12. B. E. Tarter is their attorney.

**Divorce Is Granted**  
Yesterday Judge Thomas granted an interlocutory decree of divorce to Ardina Barger against Ernest Barger.

**CLEAR YOUR SKIN IN SPRING**  
Spring house cleaning means cleaning inside and outside. Dull, pimply skin is an aftermath of winter inactivity. Flush your intestines with a mild laxative and clean out the accumulated wastes; easy to take; they do not gripe. Dr. King's New Life Pills will clear your complexion and brighten your eye. Try Dr. King's New Life Pills tonight and throw off the sluggish winter shell. At druggists, 25c.

**Brief Signs**  
PORTERVILLE, Cal., Mar. 13.—The Salt Lake training camp took on new energy today when Manager Bernhard announced that Bunny Brief, star first sacker, had signed a contract and would report in a few days. The Bee Yannis beat the regulars yesterday 10 to 4.

## CITY TRUSTEES

# SAY OVER-ZEAL IS SHOWN IN GETTING PAVING, CALL HALT

## DECLARED TOO MUCH PRESSURE BROUGHT TO GET SIGNATURES

Bush Street Job Set Back to the Tape, Parton Street Job Up In the Air

City to Have Ordinance to Make Ten-mile Speed Limit Near Schools

Last night the City Trustees set the brakes a bit on what is declared to be over-zealousness of contractors in getting paving contracts.

The talk was straight from the shoulder, and the end of the talk evidently is not yet. While no resolution was passed, the sentiment expressed indicates that there is a feeling against pushing paving too strongly on to streets that are not much used.

The plain-spoken inference that property owners have been coerced into signing contracts developed the possibility that oftentimes what appears to be a majority petition for paving may not express the real desires of the majority of the frontage.

On Bush Street

The first intimation of a slowing down of the paving campaign came last night when Trustee Greenleaf reported in favor of denying the petition to pave Bush street from Washington to Santa Clara. Greenleaf declared against even further considering paving Bush north of Twentieth street. Between Washington and Twentieth, he said a frontage of 1533 feet had signed, \$80.42 are non-resident owners and 1238.75 are protesting against paving, while 978 feet of resident frontage has neither signed nor protested.

A. L. Dearing declared that it was unfair in estimating the frontage favorable to paving from Washington to Twentieth to count signatures that were given with the expectation that the street would be paved to Santa Clara.

McPhee took the same view, and on appeal to City Attorney Scott the opinion was given that the petition could not be granted fractionally.

Accordingly, the committee was discharged, and the Bush street paving project is at a standstill. If the plan to pave to Twentieth is gone ahead with, a new petition will be necessary.

Parton Street

It was the petition for paving Parton street, from Hickey to Washington, that spilled the beans last night. Greenleaf reported that on checking the petition and protest over he found that sixty per cent of the frontage had signed the contract and thirty per

### NORTH MAIN STREET BRIDGE COST \$30,000

Last night City Engineer C. C. Bonebrake and Engineer G. R. Wells submitted to the city trustees tentative plans for the North Main street and the North Flower street bridges across the Santiago creek.

They estimate that a reinforced concrete bridge on North Main will cost \$30,000. As planned, the P. E. tracks will be in the middle, just as north of the bridge. The bridge will be 40 feet wide, with a 4-foot sidewalk on each side, leaving 32 feet for the roadway. The portion used by the P. E. will not be separated from the rest of the roadway.

The engineers plan a wood and steel-frame bridge for North Flower and estimate it will cost \$5600. Each bridge is designed to carry a live weight of a 20-ton steam roller.

Since the city has not yet had an understanding with the P. E. as to what share of the cost it shall stand, the report of the engineers was referred to the committee of the whole.

### PROPOSE ORNAMENTAL LIGHTS, NORTH MAIN

It is proposed to extend ornamental lights out North Main street to the Santiago creek bridge.

At the meeting of the city trustees last night, City Trustee O. H. Maryatt declared himself in favor of establishing a lighting district to pay the cost of installation of the lights, and on his motion a report on the project will be received.

Mayor Visel said he was strongly in favor of the lighting of Main street. He suggested that the city pay for the installation, and the property owners meet the monthly lighting bill. He said the bill would amount to about 70 cents a month for each 50-foot lot on Main street. His suggestion was that the city continue the lights it already has.

The proposal is regarded as timely because the plans for a new concrete bridge across the Santiago creek call for ornamental lights upon the bridge.

cent is non-resident.

"While I signed the contract," said C. W. McNaught, former city trustee, "I am here tonight to enter my protest against methods that have been used to get signatures to contracts. Intimidation and insinuations and almost threats have been used by solicitors for contractors. That is something I am sure this board ought to know about. Solicitors have gone to property owners and have told them that the city is going to pave the street anyhow, and unless they sign they will be put to great expense. Signatures have been obtained that in no way express the real sentiments of the petitioners. It is unfair."

Would Call Halt

"I agree with McNaught," said McPhee, "that to say the least some methods have been peculiar. In these times when a dollar does not go very far, it seems to me that we ought to call a halt, and not let the contractors hasten paving beyond reason. People will get so harassed by paving that we won't get our bonds passed."

Mayor Visel: "This board should outline in advance what it wants paved, and not allow contractors to seek contracts on any other streets."

V. W. Pratt: "To force the estate I represent to pave Parton would compel the sale of property. You would be forcing us to pay without giving us just compensation. I am sure signatures have been secured on misunderstandings."

Finley Replies

Steele Finley, a contractor, said he resented any insinuation that he had ever used unfair means to get signatures.

"If anyone has felt that he signed on misrepresentation, I don't know it," said he. "I have always let any person withdraw his signature from a contract if he asked to be allowed to do it. These accusations should be made specific, if at all."

McPhee: "Solicitors have been hired by some of the contractors, and they may have made statements the contractors would not make."

For the Orange County Engineering & Construction Company, H. C. Kellogg said that it was the settled policy of his firm not to circulate contracts on a street until assured that a majority of the frontage wants paving, and he knew of no unfair tactics by his firm.

He understood East Fifth was not to be paved until fall, and Contractor Finley had stepped in ahead and had secured contract and signatures there.

H. H. Hossler said he felt sure that several property owners on Parton had signed when they really did not want and could not afford paving. He said the street is little used, and it could well wait until times are normal before paving.

East Fifth Paving

A petition for paving East Fifth from French to Garfield was filed with a majority of the frontage signed to a contract with Steele Finley. The pe-

tion was referred to Tubbs and Greenleaf.

McPhee said he would not vote in favor of the petition because when the Spurgeon Realty Company was compelled to pave Lacy and Sixth street last year it was promised that Fifth would not be forced down until the next year, and McPhee said it is too early in the "next year" to start.

Settle Halesworth

The controversy over paving Halesworth between Broadway and Ross was settled. Part wanted concrete, part crushed rock and oil. Crushed rock had the best in the check-over, and an order for concrete paving was rescinded. A seal coat will be put on the street.

A petition to pave Garnsey between Hickey and Fifth with concrete was referred to Tubbs and McPhee for a report.

T. E. Chaney withdrew from a petition to open West Camille street. Unwittingly he had signed an agreement to give a strip for the street, and on that strip is his pump house. McPhee said that the best thing to do with the opening of Camille is to let it rest until the atmosphere clears. G. P. Hill wants two streets opened there, and McPhee said he did not think the city wanted to pay for the grading. The committee on the matter was discharged.

Up to Committee

Steele Finley said that the paving of Walnut from Orange to Oak and of Maple from First to Chestnut is ready to go ahead. The question as to who would pay for the frontage of Roosevelt school has held the matter up. He suggested that the city pay \$400, the school \$400 and the property owners \$400. The matter was referred to Tubbs and McPhee.

It was decided to change the crushed rock and oil specifications so that they shall provide for a seal coat of fine material and oil. The city engineer was instructed to draw the specifications. H. C. Kellogg suggested that heavy oil be used.

Speed by Schools

On McPhee's motion the city attorney was instructed to prepare an ordinance setting a speed limit of ten miles within a block of schoolhouses. McPhee said children run out of school like water over a dam, and the city ought to take steps to protect them against their own irresponsibility. On Tubbs' and Greenleaf's suggestion, the schoolhouse district was made one block in every direction.

A. C. Curtice said that the city ought to take steps to see that sewer contractors do not take all of the fall out of a sewer connection before it reaches the lot. He said that instead of leaving the end of the sewer next to the lot six feet under ground, frequently the contractors, to save digging, leave it three feet. The matter was referred to Sewer Superintendent Reid, Maryatt and Greenleaf.

Water for Lots

E. M. Nealley for the Associated Chambers read an agreement reached at a conference yesterday for utilizing vacant lots. The city will plow and supply water free for fifteen lots, the Associated Charities to supervise raising vegetables on them for the benefit of families under the Associated Charities' charge. The petition was granted.

A license for a popcorn stand in front of Clune's was granted.

A petition for a light at a filling station at Seventh and Main was referred to Maryatt and Tubbs.

A letter from Engineer Johnson of the P. E. relative to paving East Fourth was filed. The engineer said the P. E. would report later.

Sidewalk Granted

On Tubbs' report a sidewalk on the south side of Nineteenth street west of Broadway was ordered in, with no curb.

On Tubbs' report a sidewalk was ordered on the west side and curbs on

both sides of Custer north from Washington avenue.

A petition to curb Olive between First and Fourth was denied, it being thought best to withhold curbing until paving is done.

A sidewalk on the south side of Lime between Ross and Parton, was ordered in, with no curbs. Greenleaf reported for the committee.

The committee to report on sidewalk walking on Highland near Shelton was continued.

Peddle Hot Dogs

Paul Griffin, an energetic boy, was given free license to peddle "hot dogs" on any of the city streets except Fourth street.

The Edison Company was given permission to erect a big electric sign in front of its office.

The granting of a petition for paving Birch from Sixth to Tenth was withheld until the seal coat amendment is given the crushed rock and oil specifications.

Ornamental Lights

Visel said a property owner has spoken to him of a project to put ornamental lights on Spurgeon street from Washington to Fourth, the property owners to pay for installation and the city to pay for the juice. He said he doubted if the city would incur the expense and keep within its lighting fund.

### ELEVEN ORANGE COUNTY MEN ATTEND BANQUET

Eleven men from Orange County, representing the County Y. M. C. A. Committee, journeyed to Los Angeles last Saturday evening, to banquet and meet with the committeemen and secretaries from the other counties of the state. As usual Orange County stood first in representation.

International Secretary Roberts was the main speaker of the evening. He related incidents of sacrifice and unselfishness in the warring countries and Canada and said that we in smug, wealthy, complacent United States were in danger of losing our spirit of service and helpfulness. He emphasized the need of men and the possibility of getting them largely from the county fields.

W. B. Tedford, S. M. Davis, Harry Lewis, F. W. Plavan and Eugene Grisest, representing Santa Ana, Sherman Gillogly and R. G. Cole went from Orange; N. E. Beebe, W. A. Waterman and A. G. Coltrin represented Anaheim, and R. S. Gregory Fullerton.

### CHAMPION WRESTLER VISITOR AT ORANGE

ORANGE, Mar. 13.—Joe Stecher, champion wrestler of the world, was a visitor in Orange yesterday. Stecher with his wife and his brother, Anton Stecher, and wife, were guests at the Henry Dierker home on South Glassell street. Mrs. Anton Stecher is a niece of Mrs. Dierker and has numerous friends here. Until about a month ago she was Miss Leona Holsten. The Stechers are from Dodge, Neb. Joe Stecher succeeded to the title of world's champion wrestler at the retirement of Frank Gotch of Humboldt, Iowa. He successfully defended his title Sunday in Los Angeles, where he won from Henry Ordemann of Minneapolis. His brother Anton is his wrestling partner.

BAD COUGH? FEVERISH? GRIPPY?

You need Dr. King's New Discovery to stop that cold, the soothing balsam ingredients heal the irritated membranes, soothe the sore throat, the antiseptic qualities kill the germ and your cold is quickly relieved. Dr. King's New Discovery has for 48 years been the standard remedy for coughs and colds in thousands of homes. Get a bottle today and you have it handy in your medicine chest for coughs, colds, croup, grippe and all bronchial affections. At your druggist's, 50c.

### WATER COMMISSION TO TAKE OVER IRRIGATION BOARD, AIM OF BILL

SACRAMENTO, Mar. 12.—A bill embodying the recommendations of the minority report of the Water Problems Conference was introduced this

week by Assemblyman Bartlett.

It provides that the Water Commission shall take over all property and business of the Irrigation Board and call for a repeal of the irrigation act. The minority report was made by Roscoe J. Anderson and F. E. Woodley. The Bartlett bill specifically carries out the recommendations by Woodley while the Anderson recommendation was

that the Water Commission be enlarged and given all of the duties of the Reclamation Board as well as the Irrigation Board. The majority report is covered by the Gebhart bills which provide for a Flood Control Board to handle all water problems.

— Mrs. C. B. Cavins—Corsets and Hair Goods—removed to Smart Shop.

### DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

Police—John Tinsley.

## GAS CUT 25 CENTS PER 1000 FEET BY TRUSTEES

### Rate For First 2000 Feet Is Now \$1.25. Councilmen Have Ordered

HUNTINGTON BEACH, Mar. 13.—The rate for gas to users of 2000 feet or less per month was reduced by the city trustees at their last meeting so that in the future the rate for the first 2000 feet, which is 25 cents per 1000 less than the rate originally established and puts the consumers of small quantities of gas on the same basis as those using from 2000 to 5000 feet. It is possible that there may be a still further reduction for larger quantities in the near future. The ordinance changing the rate will be formally acted upon at the next meeting of the city trustees. The decision of the trustees coming at this time will doubtless have some effect on the attitude of the public toward city ownership of the water system.

There have been many extensions of the gas service during the past few weeks and the gas department has difficulty in keeping up with the demands.

## BEACH LAUNCHES BOULEVARD FETE

HUNTINGTON BEACH, Mar. 13.—One hundred and twenty former students of the University of Illinois, of whom a number reside in Orange county, participated in a banquet in honor of founders' day of the University at Christopher's in Los Angeles on Saturday night. The University was founded March 11, 1868, and next year at this time celebrates its semi-centennial. The enrollment this year was fifty-seven. At present the enrollment is about 7200.

The proposed pier day celebration of the Chamber of Commerce has been abandoned and in its place a celebration will be held on completion of the coast boulevard.

A proposition to hold a Chautauqua in Huntington Beach the last week of April or the first week of May was turned down by the Chamber of Commerce as it was not believed to be a desirable time of the year to launch such an enterprise.

One hundred and fifty dollars' worth of improvements have been made in the grounds of the public library.

Prof. Tully C. Knoles of the University of Southern California delivered the sermon at the First Methodist church Sunday morning on the subject, "Self." There was a good attendance present and Dr. Knoles delivered an able address.

Dr. Knoles also addressed the High School students and faculty on Thursday morning of last week on the subject, "The Basis of American Patriotism." Dr. Knoles took up in turn several of the prominent nations of the world noted for their patriotism, such as Japan, Germany, France and England, and showed that there was a different basis in each one of these countries and that the basis in the United States was still different. He said that because the basis in the United States is so different, foreign countries fail to understand the spirit of the United States and even incline to the belief that there is not a strong patriotic spirit in America. The speaker showed that America's patriotism stands behind the free institutions of the country and that it is stronger than that of the most patriotic of other countries.

Mrs. R. H. Dow has returned from Pasadena, where she was the guest of Mrs. H. T. Sundbye for several days.

Ernest Probert of this city is assisting the choir of the First Baptist Church of Los Angeles in the Old Folks' Concert which it has been giving with much success in Los Angeles.

## OUCH! LUMBAGO! RUB PAINS FROM SORE, LAME BACK

Rub Backache Away With Small Trial Bottle of Old, Penetrating "St. Jacobs Oil"

—Back hurt? Can't straighten up without feeling sudden sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin.

Lumber up! Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.—Advertisement.

## A Bank Account Cures Worry

**A**n eminent physician declares that worry kills more Americans than war. Many people live beyond their means. A goodly bank account ends worry. It brings contentment. It is conducive to serenity. It makes for independence. It makes for confidence.

See us today about that account of yours. We do every kind of banking. We'll be glad to explain our deposit and checking systems. Special attention is given to all new accounts.

## After You—What?

What would become of your affairs if you were to die tonight? You have gathered your possessions by planning and foresight. Have you considered what others must do to conserve your interests when you are gone? Have you thought that the kind of assets most useful to a business man would greatly embarrass a woman or child? With your experienced judgment controlling it and your training pushing it, your business might go on forever. Without you, it would not unless your equal took your place, and then only if he owned it. Another would not push that business for your wife or child as you push it. Whose judgment may be trusted to dispose of that business? Don't leave it to chance. Then, when your business is turned into money and your life insurance is added to it, what will your wife and children do with the money? They need advisors, and you should select them and make them your executors. The income of your loved ones must be a safe and steady one. Don't choose a man to arrange it who has never owned an investment security or income property. Choose the Orange County Trust & Savings Bank. They have the men that are trained for just such work. Come in and consult them in confidence and discuss your plans with them. If their ideas do not impress you, no harm is done and it costs you nothing.

Highland Park and elsewhere.

H. A. Benning won the bowling prize at the pavilion alleys last week with the score of 258 which is second highest on the local alleys.

Robert Gisler of Talbert has bought a Ford touring car and George Woodington of Wintersburg a Ford roadster through the local agency.

Rev. M. W. Coates has formed an organization of Boy Scouts with a membership of about twenty.

A. J. Winters, who has been at the Huntington Inn for the past two months, has returned to his home near Rocky Ford, Colo.

Mrs. H. J. Wright of Salzborg, Colo., who recently purchased the City Garage, has arrived in the city and occupies a residence on Ninth street.

Mr. and Mrs. J. J. Lash have returned from Elsinore and Murietta Hot Springs, where they spent a short vacation.

F. E. Graves of Villa Ridge, Ill., is in Huntington Beach on a visit. He expects to return to Villa Ridge accompanied by his mother, who has been staying with a daughter, Mrs. J. W. Bundschuh, for some months. Mr. Graves may decide eventually to come to Huntington Beach.

Mrs. Lucy P. Goddard has been entertaining her nephew, Frank Wade, of Hollywood and his wife, Mr. Wade is the superintendent of the Southern Counties Gas Company.

Mr. and Mrs. C. F. Kerr and family have moved to Torrance, where Kerr will be in the employ of one of the big factories. Mr. Kerr and family have lived in Huntington Beach for twelve years. Kerr had charge of the first livery stable in the city, which was opened by George Phelps soon after Kerr's arrival. C. J. Yost and A. J. Hunt have bought the teams belonging to the Kerr Bros. and Geo. Kerr will accompany his brother to Torrance. Mrs. John Kerr and two daughters will remain in Huntington Beach for the present.

The following officers have been elected by the local organization of the W. C. T. U. for the ensuing year: Mrs. L. P. Jones, president; Mrs. S. E. Hearn, vice president; Mrs. H. Grove, secretary; Mrs. S. Jennie MacDonald, corresponding secretary; Mrs. C. W. Warner, treasurer.

Harry Ames and family have moved into their new home on Eleventh street opposite the Methodist church.

The local lodge of Eastern Star will entertain the Grand officers of the lodge at the meeting Wednesday evening.

Sixteen members of the local Rebekah lodge attended the meeting of the Fiftieth district at Santa Ana last Wednesday evening and the lodge received the silver cup because of having the largest representation present.

The Woman's Club is meeting this afternoon with Mrs. A. M. O'Brien, Mrs. Joseph Vavra and Mrs. C. R. Stanford as hostesses. The meeting is for the election of officers for the ensuing year.

The Sunshine Concert Company gave a fine concert at the grammar school auditorium on Friday evening of last week.

The high school track team was defeated by the Anaheim team 85 to 45 on Thursday afternoon.

The boys' and their fathers' gathering which was to have been held at the high school Friday evening, was postponed on account of weather conditions.

A large party of distinguished guests were entertained by Miss Minnie Steele at the Deaconess Rest Home on last Wednesday. The party included two daughters of the famous American historian, George Bancroft, Miss Bancroft of Detroit and Mrs. George O. Robinson of Detroit, president emerita of the Woman's Home Missionary Society of the Methodist church. Other guests were:

Mrs. B. D. Street, of Washington, D. C., secretary of the Deaconess work in America; Mrs. Davis of Detroit, Miss Jean Orme of Cleveland, Ohio; Mrs. George Dugger of Pasadena; Mrs. Frances M. Chambers of Los Angeles, president of the Deaconess work in Southern California; Miss Isabel Leitch of Los Angeles, superintendent of the Deaconess Home in Los Angeles; Mrs. J. B. Green, Mrs. M. M. Northrup and Mrs. J. W. Gillet, of Los Angeles.

**The Raw Material**  
"Jam at the orange show."  
Of course. Potential jam, anyhow.

## TWO CHURCHES AT ORANGE ON RECORD VIVISECTION BILL

### Ministers Declare the Method Brutal—Congregation Vote Unanimous

ORANGE, Mar. 13.—Two local church congregations went emphatically on record Sunday against the passage of the Pendergast bill, known as Assembly Bill No. 798, which condemns dogs held in public pounds to death on the tables of vivisectionists.

Declaring that the best medical opinion condemns the practice and that the humane sensibilities of Christian people are shocked by it, Rev. Galbraith at the morning service at the Baptist church severely censured the proposed measure. He said:

"The law now in force in this state provides for the disposal of all unclaimed animals in the public pounds by having them painlessly electrocuted. This is the most humane method thus far devised for handling such animals. There is a bill now before the legislature, viz., Pendergast Bill No. 798, which provides for the sale of unclaimed animals from all the public pounds throughout the State of California to medical colleges, for the purpose of vivisection.

"I have not the heart to describe this fiendish operation which is performed, presumably, to advance the science of medicine. Suffice it to say that the really great physicians of the world are agreed that nothing is gained by this horrible practice. That it blunts the finer sensibilities of the student there can be no doubt—your doctor is less a man and more a beast by reason of this practice. Should this bill become a law can we not expect that the next legislature will pass one giving these inhuman doctors access to our poor farms and insane asylums? I believe in practical Christianity. Christ said: 'By their works ye shall know them.' In order that our representatives in the Legislature may know the feeling of this congregation with reference to this bill, I am going to ask for a standing vote on the question, and I will make it my business to see that the senator and representative from this district are advised of these proceedings."

The congregation, by a rising vote, went on record against the measures, unanimously.

Rev. Hall, at the evening service, also strongly denounced the bill.

"Vivisection," he said, "or in other words, the dissection of live animals, should never be tolerated. There is no necessity for this horrible practice. These operations, without doubt, brutalize the medical student."

"There is too much brutality in the world today. Let us by a standing vote register our protest against this fiendish bill."

The Methodist congregation also went on record as favoring the county unit for local option and the reading of the bible in schools.

A resolution against the vivisection measure was also adopted at the Nazarene church. The subject will probably be taken up soon by two other churches.

## HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

# SIXTY-TWO CASES ASSISTED BY ASSOCIATED CHARITIES

## Social Service Headquarters Active During Month In Work With Adult Blind

The regular meeting of the board of directors of the Associated Charities was held last Friday afternoon. The report of the secretary for the work of February showed that 62 families had received attention or assistance during the month; seventeen of these were cases of families new to the office; twenty-two were Mexican cases. The secretary paid sixteen personal calls and eight calls were paid by friendly visitors. Twenty jobs were secured and twenty-two grocery orders were given out. Almost two weeks of continuous rain and the high cost of living reduced a number of families to the verge of starvation during February.

Eleven cases were taken up with the county, either for exchange of information or for action. Service from the county physician was obtained in the case of one Mexican boy, and two cases (American) were referred to a private physician for free medical aid.

In the case of a crippled man and his wife, who had been injured in an auto accident, help was given to the amount of \$5.00, to assist them to Alamos. Also an order was given to pay for having their horse shod before they started.

One old man was assisted toward competency by the order for a peg leg costing \$2.50. A boy was helped to retain his job and to contribute toward the support of his mother by the Associated Charities advancing to him the money for a bicycle on which he depended to do his newspaper route work.

Clothing was distributed in 27 families. The Associated Charities received a splendid donation of clothing from J. H. Rankin Co. during the month.

Social Service Headquarters was also active during the month, in work with the adult blind and with group work with children, in giving recreational gatherings.

Two of Mr. Nealley's philanthropy lectures were given in February—each with gratifying results.

In spite of the unusual pressure of the month, owing to the financial canvass which had the most gratifying success, the Associated Charities is able to report several cases where independence has resulted in families under its care.

## LAST NUMBER OF LYCEUM COURSE IS ON WEDNESDAY

### MISS MYRNA SHARLOW AND COMPANY.

Myrna Sharlow, prima donna soprano, is to make a coast to coast tour this season under the direction of the Redpath Bureau. She will be assisted in her programs by Pierre Henrotte, violinist, and Frederick E. Tillotson, pianist and accompanist.

Myrna Sharlow is the youngest grand opera singer in the United States singing leading roles. She began her career at nineteen and is now twenty-two.

Her first appearance which attracted national attention was in 1913-14, when she appeared in place of Melba in "La Boheme" on one-half hour's notice. Melba having been taken ill. The house was crowded to hear Melba, but so great was the satisfaction that only \$100 worth of tickets were redeemed at the close of the performance, which at \$5 a seat would mean but twenty people.

The American press carried the story of this phenomenal incident from New York to San Francisco, and other news organizations took it to London.

The New York Advertiser referred to her success as a "gratifying revelation," the Globe as "Miss Sharlow's triumph."

In the same week she took the place of Alice Nielsen during her illness in both opera and concert.

During Melba's later appearance in "La Boheme" Miss Sharlow was in Paris, when the London management wired her to come to London prepared to take Melba's place in case Melba was taken ill.

On July 17, 1914, Miss Sharlow created the part of Samaritana in the first production of "Francesco Di Rimini" in Royal Opera, Covent Garden. Miss Sharlow's success was carried to American papers. The London Times gave her great praise in a column writeup in which it mentioned but three members of the company.

First page stories and pictures of Miss Sharlow about this time appeared in all the leading Boston papers.

She was engaged again for the opera season of 1915 in London when the war broke out.

Later in New York she took the place of Helen Stanley in Carmen with

MYRNA SHARLOW

FREDERICK E. TILLOTSON PIERRE HENROTTE

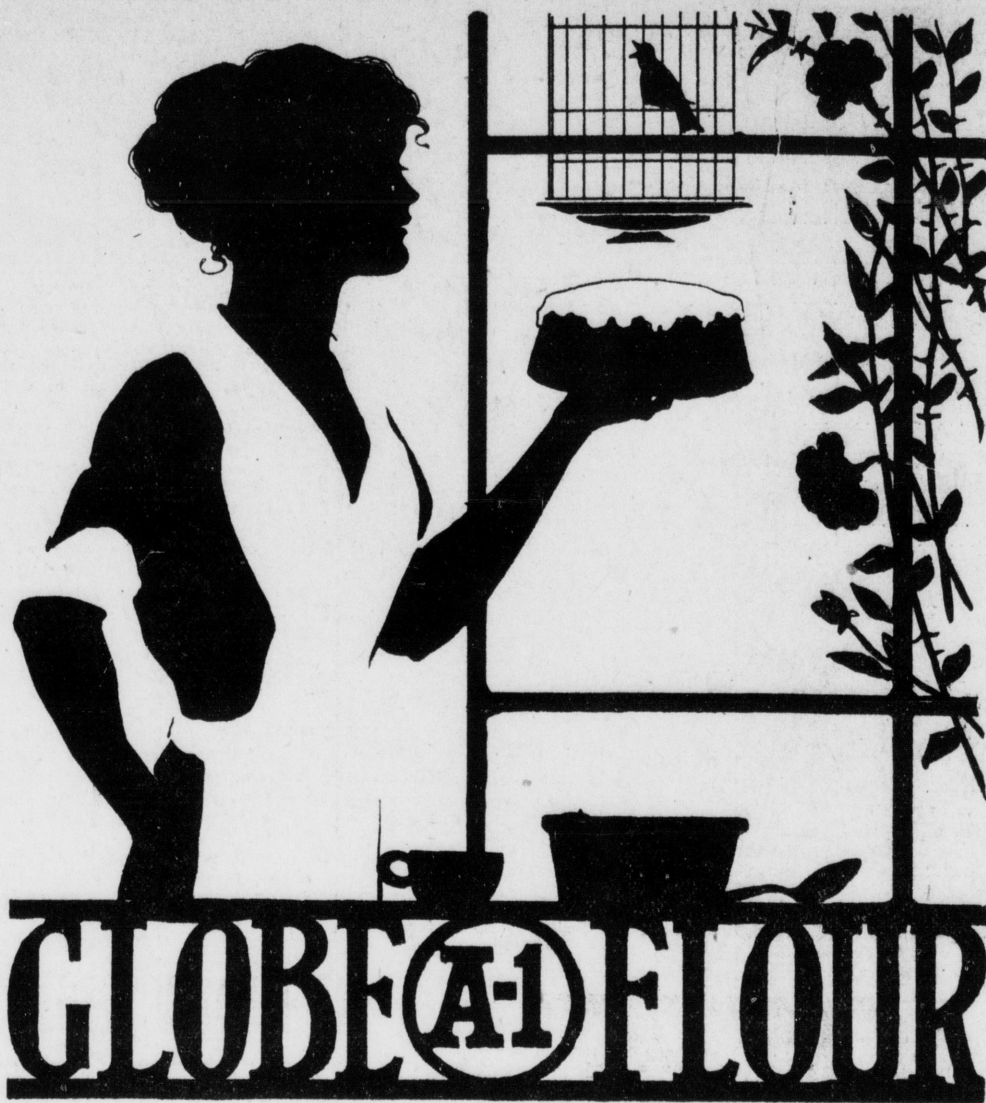

The Century Opera Company, coming from Maine in response to a telegram telling of Helen Stanley's illness and asking her to come at once. She learned the role en route to New York from Maine, and the Dramatic Mirror, New York, declared her work the brightest spot in the performance.

The New York Telegraph not long since printed a retrospect of the life of Geraldine Farrar and then compares it with the start and career of Miss Sharlow. The Telegraph bids us watch Miss Sharlow's career. Later Miss Sharlow appeared with Geraldine Farrar, great contralto, in "Carmen," singing the leading soprano role.

Last winter, in Chicago, Miss Sharlow, three days following Melba's appearance, sang the same role in "La Boheme."

Pierre Henrotte, who is one of the assisting artists in the Myrna Sharlow concert, is a native of the historic city of Liege and a graduate of the famous conservatory there that has produced so many renowned virtuosos of Europe. While a youth he was a concert master and soloist in various orchestras of France. In America he has been concertmaster in the Metropolitan Opera House, the Boston Opera House and now holds the same position with the Chicago Grand Opera Company.

Frederick E. Tillotson will also appear with Miss Sharlow as an assisting artist. He will play her accompaniments and also a piano solo. Mr. Tillotson memorizes his accompaniments.

The success of your baking depends largely on the flour you stir into your bread, cake and pastry.

You eliminate doubtful results, you insure light, flaky, fine grain, good and wholesome bakestuffs when you use Globe A-1 Flour. The flour adapted for ALL baking, milled in Southern California.

## Household Helps FREE

Have you seen our little magazine called "Household Helps?" Published every two months, mailed free to anyone on request. Size is 9x6 inches, 8 pages filled with recipes, suggestions and helps for busy housekeepers.

Nine cash prizes are awarded each month for the best recipes sent in. Prizes are \$10.00, \$7.50, \$5.00. Three \$3.00 prizes and three \$2.00 prizes.

It might be of some interest and help to you as it is to the more than forty thousand women now receiving it. Fill in the coupon and mail to us, and you will receive Household Helps regularly.

## VILLA PARK HOUSE READY TO HANDLE VEGETABLE CROP

VILLA PARK, Mar. 13.—The Orange County Vegetable Growers' Association of Villa Park is preparing for the distribution of its spring crop, which will commence moving about the middle of April. This crop includes peas, beans, bell peppers, tomatoes, lima beans, summer squash, the famous "Honey Dew" melon and deciduous fruits.

The association was organized in 1910 and since that time has saved the growers thousands of dollars on middlemen's profits by selling direct to the retailer, thereby eliminating the "commissions," which are so disastrous to the individual shipper.

"We are prepared to handle all vegetables and deciduous fruits from Laguna Beach to Yorba Linda," says Mr. Yoder, the manager, "and by systematic shipping do not overload any one market. We are in constant communication with all large vegetable consuming sections throughout the United States, therefore our facilities for handling a large production are unlimited. Members are signing now for their spring crop, or if they do not wish to sign we are making arrangements to handle their produce for a small commission guaranteeing collection."

#### CUT THIS OUT—IT IS WORTH MONEY

—DON'T MISS THIS. Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup; Foley Kidney Pills, for pain in sides and back, rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache and sluggish bowels. Rowley Drug Co.
